Grover & Baker's

ELASTIC STITCH
FAMILY
SEWING MACHINES
Excel all others.

They are more simple and durable, easier kept in order, make a stronger and more elastic stitch, a finer and more beautiful seam than any other. They sew all fabrics from two common spools, require no rewinding a thread, fasten both ends of the seam by their own operation, and though every fifth stitch is cut the seam will not rip.

They Stitch, Hem, Fell, Cord, Bind, Tuck, Quilt, Gather, Braid, Embroider, Ruffle, Puff, and excel in Every Class of Machine Work.

Grover & Baker's

Improved Shuttle Stitch
SEWING MACHINES,
For Manufacturing,
Are the Latest and Best.

We request the attention of Tailors, Manufacturers of Boots and Shoes, Carriage Trimmings, Clothing, and all others requiring the use of the most effective Lock Stitch Machines, to these New Styles which possess unmistakable advantages over all others.

The Continued Triumph

OF THE

"Grover & Baker,"

is the best evidence of their merit.

Over 12,000 are in successful operation on the Pacific Coast and their sales yearly increase against most determined competition.

R. G. BROWN, Agent,

116 Montgomery Street,

SAN FRANCISCO.

"For the very Best Photographs, go to BRADLEY & RULOFSON," No. 429 Montgomery Street, San Francisco. Closed on Sundays.

LIFE.

We're born: we laugh; we weep;
We love; we droop; we die!
Ah! where? we do we laugh and weep;
Why do we live or die?
Who knows that secret deep?
Alas, not I!

Why doth the violet spring
Unseen by human eye?
Why do the radiant seasons bring
Sweet thoughts that quickly fly?
Why do our fond hearts cling
To thoughts that die?

We toil through pain and wrong,
We fight—and fly;
We love; we lose, and then ere long,
Oh! life is all one song,
"Endure—and die!"

DEATH STRUGGLE WITH A SNAKE.

ICE brought from Visalia costs nine cents a pound delivered here, yet both Payne and Tom Allen keep it for their customers.

WE learn that a large force of men is soon to be placed at work on the Fresno Canal and Irrigation Company's ditch near Centerville.

BATHING in the San Joaquin river is getting to be quite popular these hot times. We washed ourselves in the river the other night.

THE demand for real estate in Millerton has never so far as now. Our town seems to be looking up considerably of late.

CAPT. JOHN DALBY, of this county, has been appointed a member of the Democratic Congressional Committee, to represent the 13th Judicial District.

CATTLE.—Parties in want of good beef cattle can obtain all they wish by applying to Mr. Henry Glass, near this town. He has about 3,000 head head to dispose of.

IMPORTANT SALE.—We learn by rumor that the Fresno Canal and Irrigation Co. has sold a three-fourths interest in its property for \$100,000.

THANKS.—The thanks of this office are due to Mr. Samuel Frakes for a box of fine apricots, raised on his ranch on the Fresno. We made away with the delicious edibles in double quick.

HOT.—The thermometer during the past week has ranged at about 87 at 6 A. M., 102 at 2 P. M., and 98 at 6 P. M., in the shade. On Friday it ran up to 108 in our office at 2 P. M.

CYLINDER HEAD BLOWN OUT.—A few days since the cylinder head of the engine at Humphrey & Meek's mill was blown out, but fortunately no one was injured. The mill is still running.

COMMITTED TO JAIL.—On Wednesday a Chinaman was arrested for assault and battery, and placed in jail over night in the absence of bail, but on Thursday she obtained the necessary bondsmen, and permitted to go free.

FRESNO COUNTY DIRECTORY.—Mr. L. Samuel is engaged in getting up a business chart for Fresno county. This style of advertising is becoming very popular, and Mr. Samuel certainly leads the van in getting them up. The style of his charts surpassing all others.

WOULD BE STOPPED.—We notice the Chinese residents of our town make a practice of stripping off their naked, and going into the river right in plain sight of town. Ladies and children in passing along the streets, and to and from their residences, can see them. The council ought to be arrested and punished for their obscenity.

WAGON ON FIRE.—On Wednesday of last week a teamster left his wagon, in which was some hay, standing in front of Froelich's store, whilst he went in to make some purchases, and while in the store Mr. Griggs, the clerk, discovered smoke rising from the wagon. An investigation showed that a lively fire had sprung up in the hay, and but for the timely discovery the wagon would have been burned.

CHURCH AT CENTREVILLE.—We learn that the enterprising citizens of our sister town, Centerville, have raised the necessary funds and are now making preparations for building a church in their village. At present there is not a single church in the county, and this movement on the part of Centerville will add additional attractions to its vicinity to those contemplating settling in the county.

ACCIDENT.—A few days since a little girl, aged about 12 years, daughter of Mr. Wilcox, living on the San Joaquin river, below Millerton, met with a painful accident. She was engaged in tending a horse when the animal got frightened and ran away, dragging her by the rope. She was drawn against a post in which there were some nails, which lacerated her legs quite severely.

SAN JOAQUIN AND KING'S RIVER CANAL COMPANY.—We learn that this Company is employing every man and team that can be obtained and setting them at work on their canal; upwards of one hundred teams are now engaged. The Company is buying up all the hay and barley in the county to feed its stock with. About one mile of the canal has been completed. Its dimensions are forty feet in width at the bottom and at the commencement ten feet in depth, but as the work progresses the depth grows lighter, and it is thought that after the first mile the depth of the cutting will not exceed three feet.

OUR special reporter interviewed his Excellency, Cow-whopper, on the condition of affairs amongst the poor "Lo's" a few days since. Cow-whopper informed him that he thought it would go mighty rough with the noble red men this season. The wind, he said, had blown off all the acorns and manzanita berries, and the good sheep and cattle were eating up

all the grass seeds. He said he didn't know what in hell the Indians would do, but reckoned that they, as well as the white men, would have to die. Mr. Cow-whopper then bade our reporter adieu and repaired to Chinatown, where he remained but a short time before he was dead drunk, having procured the necessary amount of fire-water to accomplish this end from the industrious, peaceful and law-abiding Chinese.

GOOD NEWS.—We are reliably informed that Mr. Isaac Friedlander has sent word to the residents of the Arcola or Alabama Settlement, in this county, to immediately commence work upon a ditch or canal, to turn the waters of Big or Snow Creek into the Fresno, and that he would furnish the necessary funds, ten thousand dollars, for completing the enterprise. A survey has already been made and the work, we presume, will be immediately commenced. The point at which the water will be taken from Snow Creek is in the vicinity of the falls, and the distance which will have to be ditched, less than a mile. The body of water which passes over the falls is estimated at from fifteen to twenty feet wide and from one and a half to two feet in depth. By the completion of this enterprise the residents of the Arcola Settlement will secure an ample supply of water for the purposes of irrigation, as the Fresno passes directly through it. The water right has already been located and recorded.

JUST as we were going to press Mr. T. J. Payne, of the Court House Exchange Saloon, sent us up a pitcher of iced lemonade. It was elegant, in fact cannot be surpassed, and we advise those wishing a similar drink, or a drink of any kind, to call and see him.

WE have seen some of the finest photographs ever produced outside of San Francisco at J. P. Spooner's First Premium Photographic Parlor, 110 1/2 Block, Stockton.

FOR COUNTY JUDGE.

MILLERTON, FRESNO CO., April 12th, 1871.
FELLOW CITIZENS:—I take this method of announcing through the Fresno Express, our county newspaper, that my name will be placed before you at the ensuing Judicial Election for re-election to the office that I have the honor to occupy humbly to fill. My official acts as County Judge for the past three years are known to the voters of this county (whether good or bad). I do not claim that I have not committed any errors, but I do claim that whatever those errors may have been, they were of judgment and not of the heart. I feel a desire to fill the office for another term, as I feel that I can do so more satisfactorily to myself, having gained some knowledge of the statute law and practice of courts in this State. Feeling thankful, fellow citizens, for past favors, if re-elected will continue to the best of my ability to discharge the functions of the office conscientiously under oath of office.

PATENT

ARION PIANO!

A FEW REASONS WHY

—THE—

ARION PIANO!

IS SUPERIOR TO ALL OTHERS.

The ARION PIANO-FORTE has Greater Power than any other Piano-Forte manufactured in this country.

It Will Stand in Tune Longer,

and in its mechanical construction it is more perfect, and therefore more durable than any instrument constructed in the usual modern style. The arrangement of the Agradis, the manner of stringing, the form and peculiar form and arrangement of the Iron Frame,

Supersedes all Others.

The use of a bar, (which is a part of the Iron Frame) on a line with the heavy steel stringing, gives

Great Strength

Where most needed, and in this respect all other Pianos fail. The construction of the WRIST PLANK, into which the Tuning Pins are inserted, is such that it is impossible for the pins to become loosened, or the Wrist Plank itself to split, as is too often the case in other Piano Fortes.

The Extraordinary Evenness

Throughout the entire scale, the excellent Singing Quality, the

Length and Purity of Vibration.

All go to prove what we claim, viz: that the

ARION PIANO-FORTE

Is the Best Instrument manufactured.

THE PATENT

ARION PIANOS

Are used exclusively in the American

Conservatories of Music of New

York City.

The most severe test a Piano can receive is constant use in a Conservatory.

Read the Following:

It affords me much pleasure to give you, in these few lines, a very sincere testimonial for the Piano-Forte of your manufacture. We have now the "Patent Arion Pianos" in our conservatories for a year, and have had a fair opportunity of testing their durability during that time. The Pianos have been played upon almost constantly from morning till night, and a Piano must indeed be a good one when it will bear such constant use without showing signs of deterioration. As for retaining in tune, it outstrips any Piano known to me.

Their peculiar sweetness of tone in the treble (as compared to other Pianos with the ordinary metal screw arrangement) is so striking that I have had pupils remark, while taking their lessons, that although they had at home what they supposed to be one of the best makes of Pianos, still the treble was very wretched compared with the ARION.

It makes them still more desirable is their uniform volume of tone, which enables an artist to perform a composition in its true character. In total, I can conscientiously endorse all that is claimed by the ARION PIANO-FORTE COMPANY for their superb instruments, as I consider them superior to any other make.

Very truly,
HENRY SCHROEDER, Director.

New York, September 3d, 1870.

AGENTS WANTED.

We want first class and responsible Agents in every city and town where we have not already appointed them.

We Have Just Published

Our Annual Illustrated Pamphlet, which contains a full description of the interior construction of the PATENT ARION PIANO-FORTE, and all the details of the Pianos of the Patent makes; illustrated with cuts, thus contrasting the ARION with all other first class Pianos, and proving

WHY AND WHERE

Our Pianos are superior to any in the market.

Our pamphlet contains engravings of all the different styles of instruments, that we manufacture, giving a full description of each, so that a person can select the style he may desire to order, and the assurance that they will receive just as good a Piano as if they were in our warehouse to select it. We have sold over Five Thousand Pianos, many of them being shipped great distances, and we have never yet received the first complaint. As we give a written guarantee with every Piano we manufacture, for five years, the purchaser runs no risk.

Do not fail to write for our pamphlet, which we will FREE, and when you write state what paper you saw this notice in.

N. B.—We caution the public from purchasing a cheap Piano, which has recently been put in the market, bearing the name "Arion." All genuine Arion Pianos bear the name "Patent Arion," and can only be purchased from our New York Warehouse, or our authorized Agents throughout the United States.

All kinds of Musical Instruments supplied.

MISCELLANY.

The census takers have been engaged in making an enumeration of the inhabitants, and have gathered a variety of information concerning people and their circumstances. They had to ask a great many questions. Appropriate to this subject are some old verses by the poet, John G. Saxe:

"Got any children?" the marshal said
To the lady over the Rhine;
The lady shook her Saxon curls,
And civilly answered, "Nein."

"Husband, of course?" the marshal said
To the lady over the Rhine;
The lady shook her Saxon curls,
And civilly answered, "Nein."

PERSEVERE, persevere," said an old lady to her maid, "it's the only way you can accomplish great things."

One day, eight apple dumplings were sent down stairs, and they all disappeared. "Sally, where are those dumplings?" "I managed to get through 'em ma'am," replied Sally.

"Why, how on earth did you manage to eat so many dumplings?" "By perseverance, ma'am."

An apprentice sailor boy fell from the "round top" to the deck, stunned, but little hurt. The captain exclaimed in surprise:

"Why, where did you come from?" "From the north of Ireland, yer honor!" was the prompt reply, as the poor fellow gathered himself up.

A TRAVELER went into an inn after a shower, and asked the landlord to show him a good fire; "for," said he, "I am very wet," and then, turning to the waiter said: "Bring me a tankard of ale immediately, for I'm plaguy dry."

A YOUNG gentleman, speaking of a young beauty's fashionable yellowish hair called it pure gold. "It ought to be," quoth Mr. K., "it looks like twenty-four carrots."

"I'll fight it out on this line if it takes all summer," said Biddy, as she hung out the clothes-line.

A GREAT many of the opinions advanced by learned men now-a-days, may be properly defined as dissolving views.

"PRIDE goeth before a fall." It often goes before a "waterfall."

HOLD FAST BELOW.—A party of Irishmen, once upon a time, contracted to clean a deep well. Having none of the conveniences employed for such purposes, they were at a loss to get one of the party on a little ledge near the bottom to assist in the process of getting out water, mud, etc.

At last Jimmy Phelan, a herculean fellow, proposed a plan which was considered just the thing. It was this: Jimmy was to clasp his big fists around the windlass; then another was to clamber down and hold on by his legs, and so on until the last man should be able to leap upon the ledge. Being slightly corned with liquor, the party prepared for the difficulties involved in the adventure. With bared breast, and sleeves tucked up, big Jimmy seized the round portion of the windlass directly over the well, and swung himself over. Another of the party crept down Jimmy's body and grasped him by the boots. After several more had followed suit and the human chain began to reach far into the well, Jimmy became alive to one great difficulty: the windlass did not afford him a good hold in the first place, and the weight was getting intolerable. At last human sinew could stand it no longer, and Jimmy hailed the lower link of the chain with: "Be jabbers, Pat, hold fast below till I spit on me hans."

Suiting the action to the word, he released his hold, when, of course, the whole party was precipitated to the bottom of the well. As luck would have it there was more mud than water where the Hibernians lit, and they wisely considered themselves particularly fortunate in escaping without actual loss of either life or limb.

A MODEL LETTER.—The following letter is a perfect model in its way:

"DEAR BROTHER—I've got one of the hand-omest farms in the State, and have it nearly paid for. Crops are good, prices never were better. We have had a glorious revival of religion in our church, and both our children are converted (the Lord be praised!). Father got to be rather an incubance, and last week I took him to the poor house. Your affectionate brother."

It takes money to run a newspaper; if you owe a printer, pay him—he needs the money.

CAUSTIC LIME FOR INSECTS.—There are few insects that can withstand a dose of freshly slacked lime. We always keep a quantity of it on hand, and it has always proved effectual if applied at the right time. Last year the white-pine worm attacked nearly every pine tree on our place; but two or three dustings of lime when the trees were wet with dew banished or destroyed this pest, which, in a few days, if unchecked, would have stripped every leaf from our trees. The asparagus beetle appeared upon beds of this vegetable in countless numbers, but a few doses of lime have made them leave, and the plants look healthy and vigorous at the present time. We have driven from our garden the rose bug, cabbage flea and numerous other pests, by the use of this same material, and we have never observed that the plants were hurt by its use. A correspondent at the West says that he has entirely checked the ravages of the Colorado potato-bug by freely using lime upon the plants, and we have no doubt that others might be equally successful by a persistent use of this material. Lime is so cheap that no one can object to its use on that score, and even if it fails to kill the insects, it will usually do the land good wherever applied. One barrel of lime to three of pulverized dry earth is better for most cases than clean lime. The mixed earth and lime should be dusted on liberally, when the leaves are wet with dew, or after a shower or sprinkling.—Exchange.

A GLUE WHICH WILL UNITE EVEN POLISHED STEEL.—A Turkish recipe for a cement used to fasten diamonds and other precious stones to metallic surfaces, and which is said to strongly unite even the surface of polished steel, although exposed to moisture, is as follows: Dissolve five or six bits of gum mastic, each the size of a large pea, in as much spirit of wine as will serve to render it liquid. In another vessel dissolve in brandy as much isinglass previously softened in water, as will make a two ounce vial of strong glue, adding two small bits of gum ammoniac, which must be rubbed until dissolved. Then mix the whole with heat. Keep in a vial closely stoppered. When it is to be used, set the vial in boiling water.

CHICKENS do not require feeding till about twenty-four hours old, then they may be fed corn meal wet sparingly. Soaked pieces of bread are better for the first few days; and boiled eggs mixed, with a little corn-meal, moistened, is still better, especially for the first day or two after commencing to feed. After the chickens are old enough to eat meal ground coarse, it is better to feed such, than that which is so fine as to be liable to bake in their crops; and when older feed barley, buckwheat, or cracked corn, and give them wide range to catch insects and they will seldom become diseased.

BLACKBERRY WINE.—To a gallon of fruit allow a quart of boiling water on them, and stir them up well; cover and let it stand until the following day. Then having stirred all again, stir the liquid into the cask adding good brown sugar in the proportion of two pounds to each gallon; cork it tight. The wine will be ready for use in the course of the autumn.

TO PICKLE CAULIFLOWERS.—Divide the pieces into equal size, throw them into a kettle of boiling water, and boil them well; take them out with a skimmer and lay them on a sieve to drain. Put them into stone jars three parts full; put a little mace into cider vinegar, and simmer it for quarter of an hour; pour it hot over the cauliflower, filling the jar up to the top. Spices tied in a bag and boiled in the vinegar improves the flavor.

TO KILL FLIES.—Soak quassia in sugar water. Paper saturated with this will attract and poison flies.

INDUSTRY.—There is no art or science that is too difficult for industry to attain to. It is the gift of tongues, and makes a man understood and valued in all countries; it is the philosopher's stone, that turns all metals, and even stones, into gold, and suffers not want to break into its dwelling: it is the northwest passage, that brings the merchant's ship to him as soon as he can desire. In a word, it conquers all enemies, and makes fortune itself pay contribution.

MEANT BUSINESS.—"Will you take this woman to be your wife?" "Squire," was the reply, "you must be a green 'un to ax me such a question. Do you think I'm such a plaguy fool as to give up the bar hunt and take this gal to the quill'n frolic if I wasn't conscriptively certain and determined to have her? Drive on with your business."

PROUS.—A Western paper tells a story of a man who having gone into a heavy purchase of pork on a falling market, was overheard praying in the following style: "Oh, Lord, for my sake just advance hogs one cent per hundred, and I won't pay but four dollars per hundred for any more. Amen."

He that cannot eat anything dressed in any way, at any time, out of anything, and this under the sight of any dirt, and the effect of any smell, should not board at a hotel.

A VOTER AND NON-VOTER.—Two Constitutional "persons" offered their ballots at the recent election in Macon, Georgia. We give the conversation as it occurred between each person and the election inspector:

Non-Voter offers a ballot.
Inspector—"We cannot take your vote, madam."

Non-Voter—"Why not? I can read and write, and understand perfectly the political issues involved in this election. I pay city and county assessments and internal revenue taxes. I keep a store, buy and sell goods, sign checks, and give receipts."

Inspector—"We know all that, madam, but we cannot take your vote."

Exit Non-Voter.

Voter appears, and offers a ballot.

Inspector—"What is your name?"

Voter—"I dunno, massa. I've sometimes called Ole Jo, but most allers Ole Cuss."

Inspector—"What is your age?"

Voter—"Look a-yere Massa, I've jes a hundred."

Inspector—"Where was you born?"

Voter—"Golly, I dunno dat. My old massa said I wasn't born at all, but dat I jest cum y'er on a flat-boat."

Inspector—"Take his ballot."

KEEP COMFORTABLE.—One grand maxim of life is to keep comfortable, and there is much more in that sentence than most of the people see. It does not enjoin mere self-indulgence, but it compels one to keep one's body and mind in the best working order. You can't be useful or good-humored when you are suffering, and regard for others, as well as your own happiness, will prompt you to be both. So have the fires lighted if you are cold even in August.

NOT QUITE.—A musician by trade does not exist quite so simply as a chameleon. The latter lives on air, the former upon airs. And, by the way, a musician should enjoy good health, for he has a change of air whenever he wants it.

A FRENCH gentleman who had heard rum called spirits, went into a hotel a few evenings since and called for a glass of punch, requesting at the same time that it be made of "ghosts from the West Indies."

WHAT kind of pens do you sell here, mister?" asked a boy of a stationer. "We keep all kinds, you young vagabond," was the rude reply. "Oh, you do, you? Well, then, I'll take ten cents worth of pig pens."

"Put out your tongue a little further," said a doctor to a female patient; "a little further still." "Why, doctor," cried the gasping invalid, "do you think there is no end to a woman's tongue?"

U. S. LAND NOTICE.

UNITED STATES OF AMERICA, State of California, United States Land Office, City of Stockton, Notice and citation before the Register and Receiver of the Stockton Land Office. Whereas Leroy Dennis of Fresno County did on the 21st day of October, 1871, apply to the Register of the U. S. Land Office, at Stockton, California, to enter as Agricultural Land, the North-east quarter of Section No. 33 Township No. 8 S. Range No. 18 East, M. D. Diablo Meridian, the same having been returned by the United States Deputy Surveyor as Mineral Lands, and upon which the following persons have preemption claims: Joseph Brown and Wm. Heidecker. Therefore in compliance with instruction of the Commissioner of the General Land Office it is hereby ordered that on the eighth (8th) day of August, A. D. 1871, at 10 o'clock A. M. you Joseph Brown, D. S. No. 456, claimant to a portion of said land, and Wm. Heidecker, D. S. No. 464, also a claimant to a portion of said land, and each and every person claiming the above mentioned land or any part thereof appear before us in the U. S. Land Office in the City of Stockton with your witnesses prepared to testify as to the Mineral or Non-Mineral character of the above mentioned land, or any part thereof, under penalty of said land, or any part thereof, being sold to the highest bidder, on the 21st day of June, 1871. Let Leroy Dennis upon his furnishing this proper proof of compliance with the Pre-emption Law. Witness our hands and the Seal of the U. S. PRIVATE MEDICAL AID.

QUICK CURES AND MODERATE CHARGES!

DR. W. K. DOHERTY'S PRIVATE

Medical and Surgical Institute, No. 519 Sacramento Street, Corner of Liedesdorf street (a few doors below What Cheer House.) (Private entrance on Liedesdorf street.)

Established expressly to afford the sound and scientific medical aid in the treatment and cure of all Private and Chronic Diseases, cases of Secrecy, & all Sexual Disorders.

TO THE AFFLICTED:

Dr. W. K. Doherty returns his sincere thanks to his numerous patients for their patronage, and would take this opportunity to remind them that he continues to consult at his Institute for the cure of chronic diseases of the Lungs, Liver, Kidneys, Digestive and Genito-Urinary Organs, and all private diseases, viz: Syphilis, in all its forms and stages, Seminal Weakness, and all the horrid consequences of self-abuse, Gonorrhea, Gleet, Stricture, Nocturnal and Mucous Emissions, Sexual Debility, Diseases of the back and loins, Inflammation of the Bladder and Kidneys, etc., etc., and he hopes that his long experience and successful practice will continue to ensure him a share of public patronage. By the practice of many years in Europe and the United States, he is enabled to apply the most efficient and successful remedies against diseases of all kinds. He uses no mercury, charges moderate, treats his patients in a correct and honorable way, and has references of unquestionable veracity, from men of known respectability and high standing in society. All parties consulting him by letter or otherwise, will receive the best and gentlest treatment, and implicit secrecy.

To Females.

When a female is in trouble, or afflicted with disease, as weakness of the back and limbs, pain in the head, dimness of sight, loss of muscular power, palpitation of the heart, irritability, nervousness, extreme urinary difficulties, derangement of the digestive functions, general debility, vaginitis, all diseases of the womb, hysteria, sterility, and all other diseases peculiar to females, she should go or write at once to the celebrated doctor, W. K. Doherty, at his Medical Institute, and consult him about her troubles and apply immediately and save yourself from painful sufferings and premature death. All Married ladies whose delicate health or other circumstances prevent an increase in their families, should write or call at Dr. W. K. Doherty's Medical Institute, and they will receive every possible relief and help. The Doctor's offices are so arranged that he can be consulted without fear of observation.

To Correspondents.

Patients residing in any part of the State, however distant, who may desire the opinion and advice of Dr. Doherty in their respective cases and who think proper to submit a written statement of such, in preference to holding a personal interview, are respectfully assured that their communications will be held most sacred and confidential. If the case be fully and candidly described, personal communication will be unnecessary, as instructions for diet, regimen, and the general treatment of the case, (including the remedies) will be forwarded without delay, and in such a manner as to convey no idea of the purport of the letter or parcel thus transmitted. Consultation by letter, or otherwise, FREE. Permanent cure guaranteed, or no pay. Address, W. K. DOHERTY, M. D., San Francisco, Cal.

Spermatorrhoea.

Dr. Doherty has just published an important pamphlet embodying his own views and experiences in relation to Impotence or Virility, being a short treatise on Spermatorrhoea, or Seminal Weakness, Nervous and Physical Debility, consequent on this affection, and other diseases of the Sexual Organs. This little work contains information of the utmost value to all, whether suffering or not, and will be sent FREE by mail on receipt of six cents in postage stamps for return postage. Address, W. K. DOHERTY, M. D., San Francisco, Cal.

AYER'S SARSAPARILLA.

FOR PURIFYING THE BLOOD! The reputation this excellent medicine enjoys, is derived from its curative powers, which are truly marvellous. Inverete cases of scrofulous disease, where the system seemed saturated with corruption, have been purified and cured by it. Scrofula is a collection of diseases, which were aggravated by the scrofulous contamination until they were painfully afflicting, have been radically cured in such great numbers in almost every section of the country, that the public scarcely need to be informed of its virtues or uses.

Scrofulous poison is one of the most destructive enemies of our race. Often, this unseen and self-tendant of the organism undermines the constitution, without exciting a suspicion of its presence. Again, it seems to breed infection throughout the body, and then, on some favorable occasion, rapidly develops in one or other of its hideous forms, either on the surface or among the vitals. In the latter, tubercles may be suddenly deposited in the lungs or heart, or tumors formed in the liver, or it shows its presence by eruptions on the skin, or foul ulcerations on some part of the body. Hence the rational use of a bottle of this Sarsaparilla is advisable, even when no active symptoms of disease appear. Persons afflicted with the following complaints generally find immediate relief and at length cure by the use of this SARSAPARILLA: St. Anthony's Fire, Rose or Erysipelas, Sore Eyes, Sore Ears, Tetter, Salt Rheum, Scald Head, Ringworm and other visible forms of Scrofulous disease. Also in the more concealed forms, as Dyspepsia, Dropsy, Heart Disease, Fits, Epilepsy, Neuralgia and the various Ulcerous affections of the muscular and nervous systems.

Syphilis or Venereal or Mercurial Diseases are cured by it, though a long time is required for subduing these maledies by any medicine. But long continued use of this medicine will cure the complaint. Leucorrhoea or Whites, Uterine Ulcerations and Female Diseases are commonly soon relieved and ultimately cured by its purifying and invigorating effect. Minute directions for each are found in our Almanac, supplied gratis. Rheumatism and Gout, when caused by accumulations of extraneous matters in the blood, yield quickly to it, as also Liver Complaints, Torpidity, Congestion or Inflammation of the Liver, and Jaundice, when arising, as they often do, from the rankling poisons in the blood. The SARSAPARILLA is a great restorer for the strength and vigor of the system. Those who are Languid and Listless, Despondent, Sleepless, and troubled with Nervous Apprehensions or Fear, or any of the affections symptomatic of Weakness, will find immediate relief and convincing evidence of its restorative power upon trial.

N. B. Until a sale is made we shall continue our importations and keep a large stock of fresh goods constantly on hand, and sell at prices to defy competition.

The Great Medical Discovery!

Dr. WALKER'S CALIFORNIA VINEGAR BITTERS,

Hundreds of Thousands Bear testimony to their Wonderful Curative Effects.

WHAT ARE THEY?

These are Great Remedies for all the most distressing ailments, and are a powerful agent in cleansing the blood, and restoring the system to its normal condition.

FOR FEMALE COMPLAINTS, whether in young or old, married or single, at the dawn of womanhood or at the turn of life, these Bitters have no equal. Send for a circular.

THEY ARE NOT A VILE FANCY DRINK.

Made of Pure Rum, Walker's Pure Spirits and Refuse Liquors doctored, spiced and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," etc., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the GREAT PURIFIER and LIFE GIVING PRINCIPLE a perfect Renovator and Invigorator of the system, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to direction and remain long unwell.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Biliousness, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

DYSPEPSIA OR INDIGESTION. Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia.

They invigorate the Stomach and stimulate the torpid liver and bowels, which secures them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

FOR SKIN DISEASES, Eruptions, Tetters, Salt Rheum, Blisters, Spots, Pimples, Rustles, Boils, Carbuncles, Ring-Worms, Scald-Head, Sore Eyes, Erysipelas, Itch, Scurs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effects.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.

PIN, TAPE AND OTHER WORMS, lurking in the system of so many thousands, are effectually destroyed and removed. See full directions, read carefully the circular around each bottle.
